INDEX TO VOLUME 53

JANUARY THROUGH JUNE, 1967

Items in QUOTE arranged alphabetically according to subject matter, are regularly assigned an index number. In the semi-annual index, the first numeral in each reference indicates the page, the second numeral refers to the location of the item on that particular page, according to its index number. Thus, in the first column of this index, "Absurdity—182-1;" tells you that an item on Absurdity will be found on page 182 under number 1.

One or more letters following a page number, refer to material in regular departments. For example: Credit Cards—118-LA;" indicates that an item on that subject is in Light Armour on page 118. The reference to "Agriculture—435-k;" means that an item on that subject will be found in the regular **Good Stories** section on page 435 under index letter k.

Quotations in the section **May We QUOTE You On That?** are also numbered and a reference such as "Bigotry—441-5Q;" refers to a quotation on that subject on page 441 in the **May We QUOTE** . . . section. When the letter "t" follows the Q as in the reference "Advice—220-3Q-t;" it indicates the special **Quot-ette** feature on page 220.
